BUILDING A WORLD CLASS ACADEMIC OPPORTUNITIES TO STUDENTS AROUND THE WORLD

Online Jamb Class Academy, is a leading academic alliance Citadel, dedicated to facilitate students' Knowledge and to actualize their careers with our quality teachings and counselling, learning, research and community educational services. We have over the past few years developed leaders in many disciplines through our various programs and conferences conducted by diverse of academic resource institutes around the world. As the Academy of Students first instructional school, and the Nation's Educational gateway, we place great premium on the development and welfare of our staff and students both at the **Grade 1 students {Primary/Nursery}, High School [Secondary], undergraduate and postgraduate** levels. Since its establishment in **2014**, the **OJCA** citadel has continued to play a key role in nation building by molding the teeming youth population through its teaching, research, Developing, Assisting and having a great impact in community services, such as helping the less-privilege to Pinpoint their dream goals, with our community Free-will Donations.

Our voluntary assistance to the students No-know Bounds, as we impact globally without ethnic differences. As the melting pot of the society, we strongly believe in diversity and, therefore, provide an atmosphere for an all-inclusive territorial Education Board, institutes and Educators. As a result, we attract quality and redefined staffs, students and Global Partners, who are able to compete at the highest level locally, regionally and globally. This is evident in the over 50,000 highly skilled and knowledgeable graduates we have produced Globally with our verified Guardianship, and support as professionals contributing their quota in their respective endeavours in and outside the country, as we bring out a Unified system of Education to our Present Days.

"We are consistently building partnerships and cultivating life-long, mutually beneficial relationships, while working actively"
